

Adult Education Program Choices

Onsite and Offsite

World of Wolves A brief glimpse at the behavior, physical characteristics, and social structure that make the wolf such a unique animal.

Wolves of Washington After an almost 70-year absence, wolves have returned to Washington. Where are they and how are they surviving? How are they affecting the people who live in Washington? Learn all this and more during this Washington-focused program.

Wolf Recovery What happened to the wolf and its habitat? What is Wolf Haven doing to help the wolf along in its recovery? Come learn about the challenges and successes of recovery plans for the gray wolf, red wolf, and Mexican gray wolf.

Onsite only

Animal Care at Wolf Haven Take a look at how the wolves of Wolf Haven are cared for. Where do the Wolf Haven wolves come from? Learn about our philosophy regarding feeding and daily care. Presentation includes the challenges of managing a wild animal in captivity and the handling of veterinary emergencies.
